

Frequently Asked Questions

Q: What qualifies for community service?

A: In keeping with Brandon's kind heart community service can be anything from helping an elderly neighbor mow their lawn, shovel their driveway or fixing the hinge on their door. It may also be volunteering in activities such as dozer day that help to raise money for community activities. It can also include collecting food donations for the local food pantries. If in doubt about community service do a little more to help others as it always makes everyone involved feel good, and you may be able to use this as part of your community service.

A: The reference letter is one of the most important aspects of your application packet and should be written by those who have known you for a period of time in multiple situations. Your recommendation should come from a person who has known you for some time and is familiar with your experience, educational goals, and career aspirations. We highly recommend teachers, guidance counselors, supervisors, or civic, religious, or community leaders. The second letter may come from a peer that may understand your goals in another manner. This could be a peer from school, work or even a peer's parent that has known you for a period of time,
