

Brandon Sorrell Memorial Scholarship Foundation

www.brandonsorrell.com

What is this foundation?

In 2011, Brandon and his girlfriend Samantha were killed in a car accident along with two other children who were walking in the road. Four kids and four families lives will never be the same.

To keep our sanity during this horrific time, we decided to follow in Brandon's footsteps and give back in the best way we could. The Brandon Sorrell Memorial Scholarship Foundation was created to help others continue their education and

goals in the technology fields. The foundation has also taken on Pedestrian Safety to try to keep others from ever going through this pain.

Brandon had just been accepted to SUNY Canton. Though this year has been very emotional for Brandon's Family, as will every year from here forward, the Brandon Sorrell Memorial Scholarship Foundation has really kept us busy.

Pedestrian Safety	2

Scholarship Awards

- S. Farrell (Peru Student) attending Medaille College reaching for a degree in Veterinary medicine.
- E. Dupraw (Saranac Student) attending Clinton Community College reaching for a degree in Nursing.

Both of these individuals have shown great community support

2011- 2012 Highlights and Accomplishments

Special thanks goes to Dean Savage for his amazing help with setting up the website for the foundation, www.brandonsorrell.com. The website allows us to get information out faster and to help get the scholarship applications out to those who want

to apply.

In 2012 Brandon's family and friends held several fund raising events, including Flower sales, bottle drives, NYS Lotto sales and the Annual Benefit Dinner. Non perishables were collected at the benefit dinner, three twenty gal-

lon totes full of non perishables were delivered to the Peru food shelf.

Many thanks go to the people involved in helping keep Brandon's memory alive through these events.

In 2012 there were several events that were conducted to enhance

people's knowledge of pedestrian safety and two scholarships were given to local students to help reach their career goals.

2012 Pedestrian Safety

This year we were able we were able to reach out to the community in several ways: First, we participated in the Fun Run that is put on by the student council of PCS. Secondly, we were able to reach out to the Peru and Beekmantown cross country track teams.

This has enabled us to get the Pedestrian Safety literature and T-shirts out to 187 young adults and adults. Safety Yellow T-Shirts, brochures and tip cards have been created

and printed, which will be utilized throughout the years to get our messages for Pedestrian Safety out there.

If you would like to sponsor a school or group, or have any thoughts on how we may further spread our message, please contact us at Christol@brandonsorrell.com for details. If you are aware of an area that we can help to spread the information please contact us.

Thank you to all of our sponsors
